[REDACTED] advised in October, 1958, that he attended a meeting of the Moslems held October 6, 1958, at 612 West Union Street, Jacksonville. The group was addressed by Minister MALCOLM. During the discussion by MALCOLM he stated that Christ and all his disciples were colored and that the white people would have you looking up to the Bible as if you would get your reward in heaven, while the white people were getting their heaven now on earth. MALCOLM stated that would come to an end and that at some time a small colored nation in the east would rule the world.

[REDACTED] furnished the following characterization of Minister MALCOLM X: **b7D**

Brother MALCOLM ranks about third in the NOI in influence. He has unlimited freedom of movement in all states, and outside of the Messenger's immediate family he is the most trusted follower. He is an excellent speaker, forceful and convincing. He is an expert organizer and an untiring worker. [REDACTED] stated MALCOLM has a strong hatred for the "blue eyed devils," but this hatred is not likely to erupt in violence as he is much too clever and intelligent for that to happen. He is fearless and cannot be intimidated by words or threats of personal harm. He has most of the answers at his fingertips and should be carefully dealt with. He is not likely to violate any ordinances or laws. He neither smokes nor drinks and is of high moral character. **b7D**
